

**Notes from the Public Question Time session at  
the Parish Council Meeting – 26<sup>th</sup> May 2010**

- A resident of Little Beckford asked why the grass cutting had not been done satisfactorily in part of Little Beckford. She also said that another resident of Little Beckford had already emailed the Chairman of the Parish Council about this matter and had no response.
  - The New Chairman of the Parish Council asked the Parish Clerk to contact Overbury Estate and ask them to ensure the grass cutting in Little Beckford is done properly.
  
- A resident of Back Lane asked why the contractors had not continued the excellent improvements to the pavement right up the Carrant Brook bridge in Back Lane as promised at the Parish Council Meeting of July 2009.
  - One member of the Council also wished to know why this work had not been completed.
  - The County Councillor present said that the contract department responsible for the work had decided that the pavement in Back Lane was not bad enough to warrant the extra expense, and also that the footpath traffic in Back Lane did not warrant the improvement.
  
- A resident of Little Beckford asked if anything could be done about the speeding traffic on the A46 – especially at weekends and particularly speeding motor cyclists. He stated that during the week, the traffic was so heavy that speeding was not a problem.
  - The Chairman of the Parish Council said that the speed activated signs promised for March 2010 were destined for the Conderton Road by the Village Hall.
  - The County Councillor present said that the speed activated signs had been delayed until August 2010.
  - He also agreed to contact the police and request that they have a weekend blitz on speeding on the A46.

As this was the Annual Parish Council Meeting, you may be interested to know the names of the Councillors or volunteers who have agreed to accept responsibility for the following...
